**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose my local internet provider, LMI.net, in part because they use solar energy, and I want to be able to choose a provider that leaves as little carbon footprint as possible. And one of my friends works for LMI. If you allow price hikes to go forward, effectively eliminating local internet providers, LMI might fold, taking with them my friend's job, and my solar-powered internet. Please save competitive telecom options!
